Joint Genesis™ is a unique approach to joint health that finally addresses what growing research now suggests is **the origins of age-related joint decay**: the loss of hyaluronan as you get older.

So you can once again cushion and lubricate those stiff and dehydrated joints, nourish your cartilage tissue, and support a healthy inflammatory response...

Allowing you to **enjoy a new beginning**, and start living life with a spring in your step and a smile on your face again!

Our proprietary formula is the first in the world to combine four research-backed joint-supporting nutrients with Mobilee®, an advanced and patented ingredient shown to **multiply hyaluronan molecules in the synovial fluid by a factor of 10**.

This cutting-edge ingredient blend supports joint health in a **novel way**: by rehydrating and thickening up the naturally jelly-like synovial fluid in our joints.
